

LRU SUPPORT SERVICES

Revima has developed a broad in-house capacity for the maintenance and repair of APU components and Line Replaceable Units (LRUs).

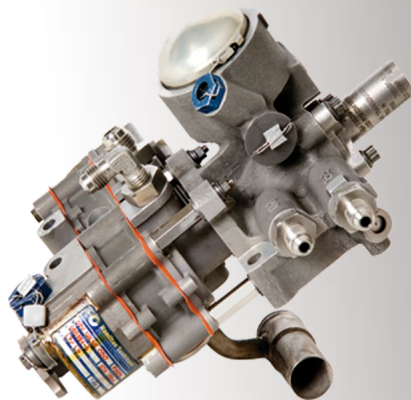

This enables us to maintain better control of repair TAT, quality and cost.

Our comprehensive LRU maintenance capabilities cover most of the LRUs installed on the APU models we support.

Our multi-product test benches ensure flexibility and on-time delivery to delight our customers.

Contact us at: support.lru@revima.fr
Tel: +33 (0)2 35 56 36 50 www.revima-group.com

More than 12 000 units handled every year
